

Airport Markings Quiz

Identifies the last 3000 ft. to 1000 ft. of runway, followed by

all red lights to the end

centerline lights on a

runway, what does it

identify?

	14. What is the purpose for the runway hold position markings on the taxiway?	Identifies taxiway aircraft is holding on Holds aircraft short of the runway Allows an aircraft permission onto the runway
+ + + **	15. What is the purpose of the yellow demarcation bar marking?	 a. Delineates RW with a displaced threshold from a blast pad, stopway or TW that precedes the RW b. Delineates entrance to RW from a TW c. Delineates beginning of RW available for landing when pavement is aligned with RW on approach side
	16.What is the purpose of the taxiway ending marker sign?	a. Identifies area where aircraft are prohibited b. Indicates TW does not continue beyond intersection c. Provides general taxiing direction to named TW
ППП	17. What purpose do the ILS critical area boundary sign serve?	 a. Identifies the exit boundary for the RW protected area b. Identifies the exit boundary for the ILS critical area c. Identifies area where aircraft is prohibited from entering
B →	18.When exiting the RW, what is the purpose of the RW exit sign?	Indicates direction to take-off RW Indicates designation & direction of exit TW from RW Indicates designation & direction of TW leading out of an intersection
4-22	19.What is the purpose of the runway/runway hold position sign?	 a. Denotes entrance to runway from a TW b. Denotes area protected for an aircraft approaching or departing a RW c. Denotes intersecting runways
<u></u>	20.What is the purpose of the hold position markings on a holding bay?	 a. Identifies TW on which the aircraft is located b. Holds aircraft on the holding bay when there is an operations need c. Identifies area where aircraft prohibited from entering
	21. Which of the following markings are associated with a non-precision instrument RW?	 a. Designation, centerline and aiming points b. Threshold, designation, centerline & aiming points c. Threshold, designation, centerline, aiming points, touchdown zone and side stripe markings
B→	22. When turning onto a TW from another TW, what is the purpose of the TW directional sign?	 a. Indicates direction to take-off RW b. Indicates designation & direction of exit TW from RW c. Indicates designation & direction of TW leading out of an intersection
→ → → > = =	23. What is the purpose of the runway threshold bar marking?	 a. Delineates RW with displaced threshold from TW preceding RW b. Delineates entrance to RW from a TW c. Delineates beginning of RW available for landing when pavement is aligned with RW on approach side of threshold
	24. What is the purpose of the No Entry sign?	 a. Identifies paved area where aircraft is prohibited from entering b. Identifies area that does not continue beyond intersection c. Identifies the exit boundary for the RW protected area
В	25. What purpose does the taxiway location sign serve?	 a. Identifies taxiway on which an aircraft is located b. Provides general taxiing direction to named runway c. Denotes entrance to runway from a TW
27 • 33→	26. What does the outbound destination sign identify?	 a. Identifies entrance to runway from a taxiway b. Identifies direction to take-off runways c. Identifies runway on which an aircraft is located
